COMMUNICATION

APPLICATION BRANCH

Hon. Commissioner of Patents and Trademarks
Washington, D.C. 20231

Sir:

In the transmittal letter for the above application filed April 19, 1985, we advised that a certified copy of British priority application number 81.10709 of April 6, 1981 was on file in Serial No. 365,285 (now U.S. Patent No. 4,522,828). We note, however, the receipt of the priority document has never been acknowledged by the Patent and Trademark Office. We respectfully request that such acknowledgement be forthcoming.

Respectfully submitted,

JAMES EDWARD JEFFREY ET AL
